EXTRACURRICULAR AND COCURRICULAR ACTIVITIES

The Governing Board recognizes that extracurricular and cocurricular activities enrich the educational and social development of students and enhance students' feelings of connectedness with the schools. The district shall encourage and support student participation in extracurricular and cocurricular activities without compromising the integrity and purpose of the educational program.

No extracurricular or cocurricular program or activity shall be provided or conducted separately on the basis of any actual or perceived characteristic listed as a prohibited category of discrimination in state or federal law, nor shall any student's participation in an extracurricular or cocurricular activity be required or refused on those bases. Prerequisites for student participation in extracurricular and cocurricular activities shall be limited to those that have been demonstrated to be essential to the success of the activity.

Any complaint alleging unlawful discrimination in the district's extracurricular or cocurricular programs or activities shall be filed in accordance with BP/AR 1312.3 - Uniform Complaint Procedures.

Unless specifically authorized by law, no fee shall be charged to students for participation in extracurricular and cocurricular activities related to the educational program, including materials or equipment related to the activity.

Staff is directed to provide safe, quality programs for all students and to ensure no student will be restricted from participation due to financial limitations. The participation of students with disabilities is encouraged and will be managed in accordance with state and federal guidelines.

Eligibility Requirements

To be eligible to participate in extracurricular and cocurricular activities, students in grades 7-12 must demonstrate satisfactory educational progress in the previous grading period, including, but not limited to:

1. Maintenance of a minimum of 2.0 grade point average on a 4.0 scale in all enrolled classes
2. Maintenance of minimum progress toward meeting high school graduation requirements

The Superintendent or designee may grant ineligible students a probationary period not to exceed one quarter. Students granted probationary eligibility must meet the required standards by the end of the probationary period in order to remain eligible for participation.

Any decision regarding the eligibility of any child in foster care or a child of an active duty_military family for extracurricular or cocurricular activities shall be made by the Superintendent_or designee in accordance with Education Code 48850 and 49701.

The Superintendent or designee may revoke a student's eligibility for participation in extracurricular and cocurricular activities when the student's poor citizenship is serious enough to warrant loss of this privilege.

Student Conduct at Extracurricular/Cocurricular Events

When attending or participating in extracurricular and cocurricular activities on or off campus, district students are subject to district policies and regulations relating to student conduct. Students who violate district policies and regulations may be subject to discipline including, but not limited to, suspension, expulsion, transfer to alternative programs, or denial of participation in extracurricular or cocurricular activities in accordance with Board policy and administrative regulation. When appropriate, the Superintendent or designee shall notify local law enforcement.

Annual Policy Review

The Board shall annually review this policy and implementing regulations.

NONPUBLIC, NONSECTARIAN SCHOOL AND AGENCY SERVICES

The Board of Education of the Placentia-Yorba Linda Unified School District reaffirms its commitment to provide educational opportunities to all pupils residing within the district. When the district is unable to provide direct special education and/or related services to students with disabilities, the Board may enter into a contract with a nonpublic, nonsectarian school or agency to meet the students' needs.

The Superintendent or designee shall follow the procedures specified in law in selecting nonpublic, nonsectarian schools or agencies with which the district may contract for the placement of any district student with disabilities. Prior to entering into a contract to place any student in a nonpublic, nonsectarian school or agency, the Superintendent or designee shall verify that the school or agency is certified to provide special education and related services to individuals with disabilities in accordance with Education Code 56366. In addition, the Superintendent or designee shall monitor, on an ongoing basis, the certification of any nonpublic, nonsectarian school with which the district has a contract to ensure that the school or agency's certification has not expired.

No district student shall be placed in a nonpublic, nonsectarian school or agency unless the student's individualized education program (IEP) team has determined that an appropriate public education alternative does not exist and that the nonpublic, nonsectarian school or agency placement is appropriate for the student. In accordance with law, any student with disabilities placed in a nonpublic, nonsectarian school or agency shall have all the rights and protections to which students with disabilities are generally entitled, including, but not limited to, the procedural safeguards, due process rights, and periodic review of his/her IEP. (Education Code 56195.8, 56342.1)

The district special education staff and the school IEP team shall remain accountable for monitoring the progress of students placed in nonpublic, nonsectarian programs towards the goals identified in each student's IEP.

Contracts with a nonpublic school or agency shall be made on forms provided by either the California Department of Education or the Orange County Department of Education and shall include an individual services agreement negotiated for each student. The Master contract shall specify the general administrative and financial agreements between the nonpublic, nonsectarian school or agency and the district to provide the special education and designated instruction and services, as well as transportation specified in the student's IEP. The administrative provisions of the contract shall also include procedures for record keeping and documentation, and the maintenance of school records by the contracting district to ensure that the student received appropriate credits toward graduation. The contract may allow for partial or full-time attendance at the nonpublic, nonsectarian school. Individual services agreements shall be for the length of time for which nonpublic, nonsectarian school services are specified in the student's individualized education program not to exceed one year. Changes in educational instruction, services or placement shall be made only on the basis of revision to the student's IEP. Before contracting with a nonpublic, nonsectarian school or agency, the district shall make every effort to utilize district, SELPA or other public school educational programs.

BOARD BYLAW

Placentia-Yorba Linda Unified School District

Bylaws of the Board

9325 - BB

MEETING CONDUCT

All business of the Board of Education of the Placentia-Yorba Linda Unified School District shall be conducted in compliance with all adopted board policies, the Education Code, the Government Code, and Title V of the California Administrative Code.

Meeting Procedures

Every effort shall be made by the Governing Board to begin all Board meetings on time. Board meetings shall be guided by an agenda prepared in accordance with Board bylaws and posted and distributed in accordance with the Ralph M. Brown Act (open meeting requirements) and other applicable laws.

The Board president shall conduct Board meetings in accordance with Bylaws and procedures that enable the Board to efficiently consider issues and carry out the will of the majority.

At all meetings, the presiding officer shall allow free and pertinent discussion and shall decide questions or rules of order, relying on accepted parliamentary procedures as defined in Robert's Rules of Order, Revised.

The business of the meeting will normally be considered in the order in which it appears on the agenda pursuant to Placentia-Yorba Linda Unified School District Board Bylaw 9323, Agenda/Meeting Materials, except that the presiding officer, with the consensus of the other Board members, may, as a matter of discretion, vary the order of procedure.

The Board desires to be aware of the problems, requests, complaints and suggestions of members of the community, but in order to accomplish its business the board cannot allow such requests to disrupt unnecessarily the normal course of meeting procedures.

The Board believes that late night meetings deter public participation, can affect the Board's decision-making ability, and can be a burden to staff. In an effort to terminate at a reasonable hour, the Board will work toward a 10:30 p.m. adjournment. At any time after 11:00 p.m., the Board shall honor the request of any two or more Board members to adjourn the meeting. Upon such a request, all discussion will cease, the meeting will be adjourned, and any remaining agenda items will be automatically deferred to a later time and place that shall be specified in the order of adjournment (cf., Board Bylaw 9321, *Meetings and Notices*).

Quorum and Abstentions

A majority of the number of filled positions on the Board of Education constitutes a quorum for the transaction of business.

Every official action of the Board requires a majority vote of all the membership.

The Board believes that when no conflict of interest requires abstention, its members have a duty to vote on issues before them. When a member abstains, his/her abstention shall not be counted for purposes of determining whether a majority of the membership of the Board has taken action.

Recording by the Public

The Superintendent or designee shall designate locations from which members of the public may broadcast, photograph, or tape record open meetings without causing a distraction.

If the Board finds that noise, illumination, or obstruction of view related to these activities would persistently disrupt the proceedings, these activities shall be discontinued or restricted as determined by the Board. (Government Code 54953.5, 54953.6)

Accessory Structures [15311]
- Statutory Exemptions. State Code number:
- General Exemption: CEQA Guidelines section 15061(b)(3)

Reasons why project is exempt:

The District is replacing the existing marquee for the Yorba Linda Middle School with an electronic marquee. The new electronic marquee is approximately the same size of the existing marquee, will be located at the same area, and will serve the same purpose. Thus, the new electronic marquee qualifies for an exemption pursuant to CEQA Guideline 15302 which exempts projects that involve the replacement of existing structures when 1) the new structure “will be located on the same site as the structure replaced” and 2) the new structure “will have substantially the same purpose and capacity as the structure replaced.” The electronic marquee will replace the existing marquee to provide the same public announcements. Further, the electronic marquee is exempt pursuant to CEQA Guideline 15311 which exempts accessory structures and specifically on premise signs.
