**PLACENTIA-YORBA LINDA UNIFIED SCHOOL DISTRICT
STATUTORY SCHOOL FEES AND MITIGATION PAYMENTS ("REPORTABLE FEES") REPORT
FOR FISCAL YEAR 2007-2008 IN COMPLIANCE WITH GOVERNMENT CODE 66006 AND 66001**

Government Code Sections 66006 and 66001 provide that the Placentia-Yorba Linda Unified School District ("District") shall make available to the public certain information and adopt described findings relative to statutory school fees ("Statutory School Fees") collected pursuant to Education Code Section 17620 et seq. and Government Code Section 65995 et seq. and mitigation payments specified or required by conditions of legislative land-use approvals, mitigation measures of environmental impact reports and negative declarations or mitigation agreements entered into with the District ("Mitigation Payments") collectively, Reportable Fees. The described information and findings relate to the Reportable Fees received, expended or to be expended in connection with school facilities ("School Facilities") to accommodate additional students if funded or partially funded with Reportable Fees. The Reportable Fees do not include letters of credit, bonds, or other instruments to secure payment of Reportable Fees at a future date. The Reportable Fees have not been levied, collected, or imposed for general revenue purposes.

The following is the information and proposed findings the District proposes to review and adopt in accordance with Government Code Sections 66006 and 66001. The accounting and reporting is prepared in accordance with the requirements of Government Code Section 66006 for the fiscal year 2007-2008.

I.

INFORMATION MADE AVAILABLE PURSUANT TO GOVERNMENT CODE SECTION 66006 FOR FISCAL YEAR 2007-2008

1. In accordance with Government Code Section 66006(b)(1) and (2), the District provides the following information for fiscal year 2007-2008:

A. **DESCRIPTION OF THE TYPE OF REPORTABLE FEES IN THE ACCOUNT OR SUB-ACCOUNT(S) OF THE DISTRICT:**

The Reportable Fees consist of Statutory School Fees and Mitigation Payments.

B. **AMOUNT OF THE REPORTABLE FEES:**

The following charts summarize the Reportable Fee rates for the 2007-2008 fiscal year:

Description	07/01/07 – 05/11/08	05/12/08 – 06/30/08
Statutory School Fee Rate per Square Foot of Assessable Space for Residential Development	\$2.63	\$2.97
Statutory School Fee Rate per Square Foot of Covered and Enclosed Space for Commercial / Industrial Development	\$.42	\$.47

In addition, the District has entered into various mitigation agreements for various projects within the District's boundaries. The rate of Reportable Fees varies from agreement to agreement.

The Statutory School Fee amounts only partially mitigate the impacts to the District caused by new residential development because Statutory School Fees do not adequately fund School Facility needs resulting from additional development within the District. The amount of the Mitigation Payments is essential to fund interim and permanent School Facilities to accommodate students from additional development within the District.

Government Code Section 66606(b) requires an annual certification of the beginning balance, revenue, interest, expenses, ending balance and any refunds made pursuant to Section 66006(c). The following information (Sections C through H) is provided to meet that requirement.

C. BEGINNING AND ENDING BALANCE OF ACCOUNT:

The funds listed below as Capital Facilities Fund and Special Reserve Fund (Shell Agreement) are funds generated as a result of the collection of developer fees or mitigation fees in lieu of developer fees.

Description	Capital Facilities Fund	Included in Capital Facilities Fund (Shell Agreement)
Beginning Balance, July 1, 2007	\$5,767,540	\$1,877,639
Ending Balance, June 30, 2008	\$3,581,174	\$1,938,792

D. AMOUNT OF THE REPORTABLE FEES COLLECTED AND INTEREST EARNED:

Description	Capital Facilities Fund	Included in Capital Facilities Fund (Shell Agreement)
Amount of Fees Collected, 2007-2008	\$1,187,483	\$61,153
Interest Earned, 2007-2008	\$243,013	

E. IDENTIFICATION OF EACH PROJECT OF THE DISTRICT ON WHICH REPORTABLE FEES WERE EXPENDED AND THE AMOUNT OF THE EXPENDITURES ON EACH PROJECT OF THE DISTRICT, INCLUDING THE TOTAL PERCENTAGE OF THE COST OF THE PROJECT OF THE DISTRICT, THAT WAS FUNDED WITH REPORTABLE FEES:

The foregoing information is set forth in "2007-2008 Relocatable Projects Fund 25", "Purchase Order Listing By Account, Fiscal Year 2007-2008" and "2007-2008 Unaudited Actuals – Capital Facilities Fund and Shell Agreement," which are incorporated herein. Of the projects listed, 100% of the costs were funded with Reportable Fees.

Amount of District expenditures for public facilities: \$ 3,632,562

- F. IDENTIFICATION OF AN APPROXIMATE DATE BY WHICH THE CONSTRUCTION OF PROJECT(S) OF THE DISTRICT WILL COMMENCE IF THE DISTRICT DETERMINES THAT SUFFICIENT FUNDS HAVE BEEN COLLECTED TO COMPLETE FINANCING ON AN INCOMPLETE PROJECT OF THE DISTRICT, AS IDENTIFIED IN PARAGRAPH (2) OF SUBDIVISION (A) OF SECTION 66001, AND THE PROJECT OF THE DISTRICT REMAINS INCOMPLETE:

Any projects reported under Section E were completed during the 2007-2008 fiscal year or are expected to be completed no later than December 31, 2009.

- G. DESCRIPTION OF EACH INTERFUND TRANSFER OR LOAN MADE FROM THE ACCOUNT, INCLUDING PROJECT(S) OF THE DISTRICT ON WHICH THE TRANSFERRED OR LOANED REPORTABLE FEES WILL BE EXPENDED, AND, IN THE CASE OF AN INTERFUND LOAN, THE DATE ON WHICH THE LOAN WILL BE REPAYED, AND THE RATE OF INTEREST THAT THE ACCOUNT WILL RECEIVE ON THE LOAN:

\$185,046 were Interfund transfers or loans made from the account during fiscal year 2007-2008.

- H. THE AMOUNT OF REFUNDS MADE PURSUANT TO GOVERNMENT CODE SECTION 66001(e) IN THE 2007-2008 FISCAL YEAR:

Although refunds may have been made, such as in cases where building permits were cancelled or the project changed and adjustments were made in square footage of the project, the District did not make any refunds as a result of untimely or improper allocation of developer fees as delineated in Government Code Section 66601(e).

2. In accordance with Government Code Section 66006(b)(2), the foregoing information, including the proposed five (5) year findings set forth below will be made available to the public at least fifteen (15) days prior to consideration of the Reports. The Board of the District will review such annual information and proposed five (5) year findings at its next regular meeting occurring at least fifteen (15) days subsequent to the availability of the report.

II.

PROPOSED FIVE (5) YEAR FINDINGS WITH RESPECT TO THAT PORTION OF THE ACCOUNT REMAINING UNEXPENDED, WHETHER COMMITTED OR UNCOMMITTED IN ACCORDANCE WITH GOVERNMENT CODE SECTION 66001:

1. IDENTIFICATION OF THE PURPOSE TO WHICH THE REPORTABLE FEES ARE TO BE PUT:

The purpose of the Reportable Fees imposed and collected on new residential, commercial and industrial development within the District is to fund the additional grade K-12 School Facilities required to serve the additional grade K-12 students. Specifically, the Reportable Fees will be used for the construction and/or acquisition of additional School Facilities, remodeling existing School Facilities to add additional classrooms and technology, as well as acquiring and installing additional portable classrooms. The District has experienced the following enrollment growth (based on CBEDS data) over the past five years: ** 2003-2004—26,734 (+286), 2004-2005—26,654 (-80), 2005-2006—26,705 (+51), 2006-2007—26,343 (-362), 2007-2008—26,134 (-209)

** Adjusted to reflect alternative programs inadvertently omitted from previous reports.

2. DEMONSTRATION OF A REASONABLE RELATIONSHIP BETWEEN THE REPORTABLE FEES AND THE PURPOSES FOR WHICH THEY ARE CHARGED:

There is a reasonable relationship between the new development upon which the Reportable Fees are charged and the need for additional School Facilities by reason of the fact that additional students will be generated by additional development within the District and the District does not have student capacity in the existing School Facilities to accommodate these new students. Furthermore, the Reportable Fees charged on new development will be used to fund School Facilities which will be used to serve the students generated from the new development and the Fees do not exceed the costs of providing such School Facilities for new students.

3. IDENTIFICATION OF ALL SOURCES AND AMOUNTS OF FUNDING ANTICIPATED TO COMPLETE FINANCING OF THE SCHOOL FACILITIES THE DISTRICT HAS IDENTIFIED IN THE DISTRICT'S REPORTS:

Sources	nt of Funding Anticipated To Be Received to Complete Financing of School Facilities
development Pass-Through Agreements	\$21,700,000 (A)
Statutory School Fees	\$470,000 (B)
Mitigation Payments	\$6,400,000 (C)

4. DESIGNATION OF THE APPROXIMATE DATE ON WHICH THE FUNDING REFERRED TO IN PARAGRAPH 3 ABOVE IS EXPECTED TO BE DEPOSITED IN THE APPROPRIATE ACCOUNT:

Sources	roximate Date Expected to Be Deposited
development Pass-Through Agreements	July 1, 2006-June 30, 2011 (A)
Statutory School Fees	July 1, 2008-June 30, 2009 (B)
Mitigation Payments	July 1, 2006-August 31, 2011 (C)

- (A) The projections are for a five-year period starting with fiscal year 2006-2011 based on prior year payment streams provided by various redevelopment agencies and their interpretation of the pass-through agreements.
- (B) The amount shown is the budgeted amount for 2008-2009 only as future revenues are solely dependent upon project activity subject to developer fees. For the purposes of this report, the amount budgeted for 2007-2008 appears to be a reasonable projection the fiscal year 2008-2009.
- (C) The amount shown is the 2006-2011 total projected collections in accordance with the mitigation agreement. The dates of future deposits are highly dependent on the rate of development in the mitigation area.

Bylaws of the Board

9230-BP

COMPENSATION OF BOARD MEMBERS

In accordance with provisions of Education Code, Section 35120, each board member shall be compensated in the amount of \$750.00 per month prorated for any meeting missed by a member. Any member who does not attend all meetings held in any month may receive, as compensation for his or her services, an amount not greater than \$750.00 divided by the number of meetings held and multiplied by the number of meetings actually attended. A member may be paid for any meeting when absent if the board by resolution duly adopted and included in its minutes finds that at the time of the meeting he or she is performing services outside the meeting for the school district, was ill or on jury duty, or the absence was due to a hardship deemed acceptable by the board. Any board member who so desires may elect in writing to receive compensation at a rate less than the maximum allowable. Said election by a board member must specify the amount the member elects to receive in lieu of the statutory maximum, and is subject to rescission at any time by the board member.

To provide guidance and a clear understanding of the definition of a hardship absence, the following parameters are established:

1. Illness/injury of an immediate family member.
2. Death of a member of the immediate family.
3. Official court appearance.
4. Pregnancy/miscarriage/childbirth in immediate family.
5. Hardship or any other circumstance presented to and approved by the board.

The Board President shall exercise diligence in attempting to schedule any special meetings according to availability of all board members.

Any representative of the board, when performing services directed by the board, shall have his or her actual travel expenses paid by the district. Other expenses of board members for attendance at conventions and meetings of societies, associations and the like will be paid by the district when such attendance and payment of expenses has specifically been authorized by the board.

The district shall also provide board members with defense and damage payments for errors and omissions or for alleged wrongful acts or omissions arising within the scope of district duties to the extent permitted by the California Education Code and California Government Code.

Bylaws 9230 shall be reviewed annually at the organizational meeting of the board.

Community Relations

1240-BP

COMMUNITY VOLUNTEER AIDES

The Board of Education encourages the contributions made to the instructional program by community volunteer aides. Guidelines designed to protect the interests of children, staff, volunteers, and the district shall be followed in initiating and maintaining programs involving such volunteer aides.

The wealth of experience available in the community is a resource that should be used in appropriate ways to enrich the educational program and strengthen our schools' relationships with home, businesses, public agencies and private institutions. The governing board encourages parents/guardians and other members of the community to share their time, knowledge and abilities with our students.

The superintendent or designee may authorize the use of volunteers. Employees, students, and volunteers shall act in accordance with district policies and the law.
